ABOUT COEPTech:

The College of Engineering Pune (COEP) was established in 1854. It is one of the oldest and premier engineering institutions in the country. It has rich history and dedication to the pursuit of excellence and offers a unique learning experience across a spectrum of academic and social experiences. With a firm footing in truth and humanity, the institute provides its students with the understanding of both technical developments and the ethics that go with it. COEP offers undergraduate programs in 10 disciplines and post graduate programs in 24 specializations. It is a recognized Research Center for doctoral programs of the Savitribai Phule Pune University as well as QIP center. COEP has been consistently ranked amongst the top 21 technical institutes in India and its alumni have a lion's share in the development of national infrastructure. COEP has many eminent alumni such as Bharat Ratna Sir M. Visvesvaraya. Many of them are heading several leading engineering industries and organizations.

ABOUT DEPARTMENT:

The Department of Mechanical Engineering was established in the year 1912. At present, the department offers Two undergraduate, three Postgraduates, two PG Diploma Programs and Ph.D. Program. The Department is highly reputed for producing eminent engineers as professionals, researchers, and entrepreneurs. The Department has strong industry-institute collaboration and developed state of art laboratories and infrastructure in association with industries such as Bajaj group, Danfoss, Eaton, Forbes Marshall, Kirloskar, Altair, Autodesk, Siemens etc. Recently AR-VR CoE is included in the department.
